

THE SHAIKH AYAZ UNIVERSITY SHIKARPUR

The Revival of Educational Glory of Shikarpur!

PROSPECTUS 2022

شیخ ایاز یونیورسٹی شکارپور

Prof. Dr. Ghulam Raza Bhatti
Vice Chancellor

Message from the Vice Chancellor

Welcome to The Shaikh Ayaz University, Shikarpur. As a matter of fact, human history has been encountering deadliest disasters; natural calamity, diseases, earthquakes, droughts, floods and manmade wars since its inception. But, unfortunately the current pandemic outbreak of COVID-19 takes place in our lifetime. The prime prey of this pandemic is human beings which became contagious in millions numerically across the globe. Don't you reckon the past history after sustaining severe miseries and not having learned lessons from hardships? Certainly, their experiences led them to treat such numerous upheavals as potential creative crises for their future spike to regain strength and make bumpy roads smooth for life to go on and time moves on.

Multifarious degradation/destruction has been encountered by mankind in different physical actions such as; a mass wiped-out of community/humanity by plague/epidemic diseases, environmental degradation, the cities ceased and mass migration took place. All such catastrophic events took place in various specific regions on the planet in different time periods, whereas, the COVID-19 is of globalized nature at single time pace. The obvious reason is the inhabitants have been well knitted within Global Village.

Under the current scenario in the wake of COVID 19; the delivery mode of education has been changed rapidly. The various models of delivery of distance education have been working globally. In this regard, attempts are underway to adopt online education through the Learning Management System (LMS) in this nascent university. At the outset, I am confident that the courses offered by the various departments through the "hybrid mode of distance and on campus" are going to be successful one. Besides, an ICT based solution "Office Automation" would be replaced the ongoing manual processes of all management affairs of the university. The first ever "Online Admission" is one of its step towards transforming from the manual processes of admission to technology-based systems.

I must mention here that the standard operating procedures given by the government to menace the COVID-19 are followed strictly in the university to save the society and build healthy nation.

In the end, I would like to reproduce a paragraph of my message from forgoing Prospectus of 2021 that underline the use of technologies in learning process as under:

"In this digital era, the world is rapidly transforming into an interconnected global digital domain where geographical boundaries have lost the literal meaning. Amid the emerging fourth Industrial Revolution, innovative technologies constitute the hallmark of the global competition fundamentally changing the conventional terms and ways of business. In this digital era, an ever-increased use of modern Information Communication Technologies (ICT), such as smartphones, digital device and smart applications, is among top businesses and the innovative modern warfare tools, which is often termed as the fourth or fifth generation warfare and or hybrid warfare. With greater access to these devices, our young generation and students are more digitally connected than ever before who are growing with internet and cellular technologies. Today, the young children are "Digital Natives" who tend to outsource many cognitive tasking to these modern technologies".

Once again, I am much delighted to welcome you as students and wish you to peruse your academic persuade successfully despite the midst pandemic situation around the Globe.

History

The Shaikh Ayaz University, formerly Shikarpur Campus of Shah Abdul Latif University Khairpur, came into being with the December 12, 2018, notification of Government of Sindh to this effect. The University is named after widely known poet of Sindh Shaikh Ayaz who belonged to Shikarpur city. The students and the faculty and all other staff welcomed the decision wholeheartedly and have praised the local political leadership and provincial government over this step. However, the new status requires more attention and material help from the Sindh Government to maintain its previous glory and acquire new levels of success.

Shikarpur Campus was established in 2011 and Prof. Dr. G. Raza Bhatti was appointed as the founder Pro Vice Chancellor. He gave Campus a tremendous start by making it the hub of higher learning. He gave the barren land of the Campus a fertile bed and initiated the CampuSpeak as the mouthpiece of activities and progress happening at the Campus. After him Prof. Dr. Lutfullah Mangi took over the Charge as the Director first and later on as the Pro Vice Chancellor. Dr. Mangi initiated new departments, i.e., English Language and Literature, Teacher Education and Mathematics, in the Campus to the already existing departments of Business, Computer Science and Commerce. His office also initiated Master's programs in Commerce and English. It was also decided and implemented to shift to Midterm examination system than Hourly for better examination system. Later, Prof Dr. Abdul Razzaque Mahar joined the Campus as Director. He energized the Campus not only with academic activities but also initiated a wave of business fairs and sports events which garnered media attention as well as much support and ownership for the Campus.

The success of Shikarpur Campus in disseminating higher education to the students of the region had clearly raised sense of ownership and further development of the Campus into University. Therefore, the former Shikarpur Campus now duly stands as The Shaikh Ayaz University. With its establishment, Dr. Nisar Ahmed Siddiqui was given the additional charge of the newly built University in addition to his office of Vice Chancellor Sukkur IBA University. Soon after, the founder PVC of Shikarpur Campus, Prof. Dr. G. Raza Bhatti, is recalled to lead once again the Campus now The Shaikh Ayaz University. With each new year, the passing batches of the University (former SALU Campus) are occupying robust places in their field of specialization and proving their professional worth and evidencing the quality of higher education got at the University. The socio economic and cultural impact of the University has been very promisingly transforming the region which is otherwise stuck in many social, cultural and institutional crises.

The Shaikh Ayaz University stands for bringing back the past socio-economic, cultural and educational glory of Shikarpur apart from its other aims of achieving higher standards in research, human and intellectual development. To attain these aims The Shaikh Ayaz University stands committed, not forgetting that greater part of its committed role depends on Sindh Government.

The Land for the Shikarpur University has been acquired measuring (54-11) acres is located close to the city of the Shikarpur on main Bypass of Shikarpur to Jacobabad.

The present Scheme is proposed for construction of Academic blocks, Bachelor hostels for male and female teachers, internal development and boundary wall.

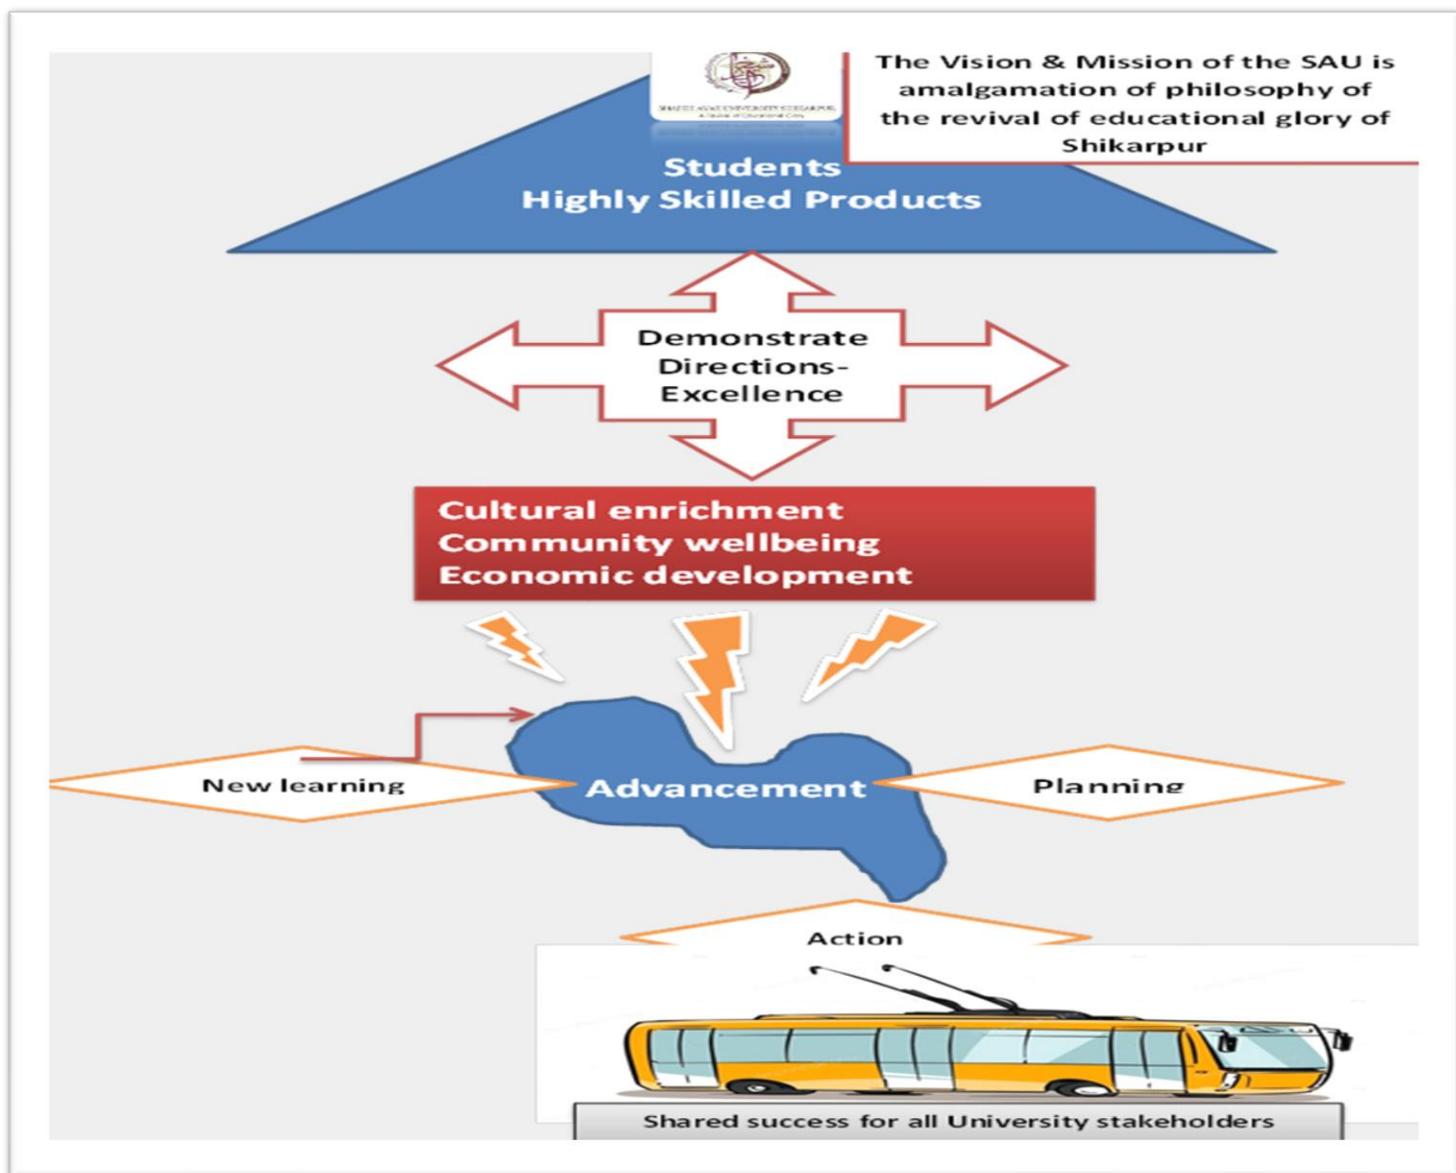

Vision

Shaikh Ayaz University, Shikarpur provides an affordable quality education by ensuring the skill learning and right values for social innovation among the graduates by synergizing the cultural enrichment, community wellbeing and economic development.

Mission

The Shaikh Ayaz University will be Centre of knowledge production offering various academic programs, promising quality education, innovative skills and deliverable research to serve as a platform for sustainable human development.

DEPARTMENT OF

ENGLISH LANGUAGE AND LITERATURE

**Mr. Tanveer Ahmed
Muhammadi**

Incharge

Introduction

Department of English Language & Literature was established in January 2014. It is only preceded by three departments of the University viz. Commerce, Business Administration and Computer Science. The Department provides an abundant opportunity for the aspirant students of English literature or linguistics of Shikarpur region and its surrounding. This is especially a life line in educational career for the regional students who can't afford higher studies in English subject at other universities for economic constraints, less seats or distance hurdles. Hence, the aspirant students have this department of English Language and Literature qualitative, closer and cost effective.

The classes of the Department are well furnished, spacious and have proper light and air ventilation. We have the competitive and committed

faculty, truly educative ecology, state of the art facilities, video and audio learning, ever increasing treasure of books on English subject in the library. Department is always keen to provide community service by involving its students in various campaigns of awareness.

There is a vibrant educational environment at the Campus. Apart from formal classes, we have many other social and intellectual activities which help our students become multidimensional, energetic, judicious, responsible, constructive and truly educated citizens.

The Department is offering BS (four – year) program. There is same syllabus for both English Literature and Linguistics till the start of the final year of BS program wherfrom the students join the specialization class viz., Linguistics or Literature. The overall syllabus encompasses the old and modern dynamics of English language and literature.

Vision

To be a trusted center of knowledge in the field, contributing to the society dynamic, progressive creative, intellectual, responsible and constructive individuals working towards harmony, development and strengthening well adorned values in the society.

Mission

To involve students in the in-depth studies of world famous works and research of English literature and the scientific mechanism and development of English language through modern methods of teaching supported by technological tools and facilities; thereby, awakening a sense of research, discovery, creativity, comparative cultural differences, civilizational rise and fall and social vision among the learners other than a general outcome of enhanced literary and linguistic leanings and sensibilities; hence, to create a lot of citizens not only intellectually illuminative but also active in rendering community service with the skills they acquire at the Department.

DEPARTMENT OF

MATHEMATICS

Introduction

The Department of Mathematics was established in 2016. It has a strong, demanding program of undergraduate course with international syllabus offering and in accordance with the Higher Education Commission (HEC) Pakistan directives. The Department has committed faculty members keen for progress and eager to emerge in world Mathematics scenario. Department also offers teaching services to other departments as a compulsory as well as optional subject.

**Mr. Muhammad
Aslam Soomro**
Incharge

Vision

Mathematics develops computational skills, critical thinking, and problem-solving skills. The theory, discipline, and techniques taught in mathematic courses are especially important in today's society. The faculty of the Department of Mathematics recognizes this and strives to ensure that the student obtains this knowledge. At the same time, the faculty contributes to the discipline by fundamental research in pure and applied mathematics.

Mission

The Department offer courses and programs of study that ensure that the student will be able to contribute today's society. The students can obtain abilities to critically assess numerical and graphical information; learn to formulate strategies for solving problems; and acknowledge the importance of being intellectually curious throughout their lives. The Department, through its faculty, continues to contribute to the body of knowledge of the discipline, whether in traditional pure research, or applied research.

TEACHER EDUCATION

Introduction

Teachers are the national builders, responsible to educate and train the future generation for meeting demands of the society and world community. This prime objective of educational system of any country of the modern world can only be achieved when teachers are fully trained for properly utilization of modern technological instructional material in the classrooms. Their professional commitment plays leading role for uplifting students' learning. The department of Education was established at Shikarpur Campus in 2014 with an idea of providing quality education to the individuals interested in adopting teaching as a profession. Currently, the department is offering B.Ed. (Hons.) Elementary (4 year) degree program and 2 years B.Ed. extension program for those candidates who possess 2-year Associate Degree in Education (ADE)

Vision

To prepare reflective professional educators, create & disseminate new knowledge and provide services to the nation to meet the educational challenges of the 21st century.

Mission

To provide exemplary programs that prepare teachers to make effective decisions in diverse contexts, promoting professional excellence within socio-cultural framework, bringing forth benefits to prospective teacher, community and the country. The Department of Teacher Education at Shikarpur Campus initially offers 4-Years B.Ed. (Hons) Elementary which can be recognized as a New Teacher Education Program for 21st Century Teachers.

Curricular and Co-curricular Activities

Introduction

At Shaikh Ayaz University Shikarpur, we believe in working with students to create future global citizens who are not only well educated, but also well-rounded.

To help reach that goal, we organize curricular and co-curricular activities which guide students how to organize and present an activity, how to develop skills, how to co-operate and co-ordinate in different situations-all these help in leadership qualities. It provides the avenues of socialization, self-identification and self-assessment when the students come in contact with organizers, fellow participants, teachers, and people outside the university during different activities.

SAUS believes that our students are the innovators of tomorrow, and we strive to provide university activities that encourage our students and educators alike to practice innovation today. We define innovation as the act of starting something for the first time in our existing context of work that would add value to our processes. Co-curricular activities take what students are learning in the classroom and builds upon that through talent shows, performances, competitions, clubs and additional classroom work. Extracurricular activities are another component of a well-rounded education -- outside the regular academic program -- that may positively impact a student's success. However, besides being fun and a great way to socialize with peers, curricular and co-curricular activities can enhance a student's time management and stress management skills, improving their overall productivity and academic performance.

Sami Chair

Introduction

The 3rd meeting of the Advisory Board constituted for improvement and upgradation of the Chairs/ Corners functioning at Shah Abdul Latif University, Khairpur was held on May 16-17, 2016. The meeting was chaired by Professor Dr. Ghulam Ali Allana. It was unanimously resolved in the meeting to establish “Sami Chair” at Shikarpur Campus of the University, at Shikarpur. The Chair is presently headed by Mr. Tanveer Ahmed Muhammadi, Lecturer, at The Shaikh Ayaz University (formerly Shikarpur Campus)

Bhai Chainrai Bachomal Dattaramani Sami is a venerated Sindhi poet of vedantic and mystic poetry.

He was born in 1743 in Shikarpur and rose to become a great mystic poet. The critics have thought him to be next to Bhitai and Sachal, the saintly luminaries of Sindhi mystic poetry. The establishment of Sami Chair is tribute to the poet keeping in view his enlightening poetic contribution for the harmonious and peace-loving humanity around the globe.

The Chair has started working on various fronts to spread the message of poet and thus establish his greatness and make people look towards him as source of inspiration. The Chair has released a research journal named Sami containing research on various aspects of life and works of the poet. It invites research articles in Sindhi and also in English language as to help bring the message of the poet to an international focus. It was inaugurated on 15th May 2017 in the Two-Day National Conference on Sindhi Literature held under the Faculty of Arts and Languages. Mr. Tanveer, Incharge Sami Chair, is the Editor of the Journal. In the same conference Sami Chair was scheduled to conduct its session with the title Sami Sanjah (intellectual study of Sami). The scholars read research papers on the life, works and different aspects of the poet Bhai Chain RaiBacho Mal Sami, which were critically evaluated by the panelists.

The Chair is working on bringing out Sami’s message of love and harmony through the aesthetic medium of singing. It has also set as its immediate plan to bring out Sami poetry in audio form.

The Chair has also established a Sami Corner in the Library of Campus where the material is being collected in print, audio and video forms for the researchers and general readers and admirers of Sami. This may have an extension in future in the shape of Sami Archives.
